

Latte mugs

Short description:	Custom printed ceramic latte mugs
Long description:	Each 12oz print on demand photo mug comes with a full edge to edge image. We use dye sublimation printing to reproduce your artwork in crisp, vibrant detail, then finish with a polished ceramic glaze to protect your design for years to come. Our custom latte mugs have a classic, tapered shape with a sleek curved handle to give a stylish, elegant aesthetic. We use ceramic for it's slow heat conduction properties, so your customer's hot drink stays warm for longer. Ceramic neither imparts nor absorbs flavours, leaving tea or coffee to taste just as it should.
